

TZAR BIKE

Crafting Your Unique Style

www.tzarbike.com

One size doesn't fit all. Individuality is the spice of customization.

Tzar Bike re-defines the realm of personalized biking experiences, offering an unprecedented level of customization.

First in the category to empower you with complete control over your bike's aesthetics, from its paint color and graphics to its overall look, ensuring your ride is a true reflection of your style.

Like Leonardo da Vinci, whose meticulous craftsmanship and innovative designs left a lasting legacy, our founders bring a similar dedication to crafting bikes.

With extensive engineering experience and a keen eye for aesthetics, they ensure every detail is perfected.

As avid bike enthusiasts themselves, they've researched customer requirements extensively, understanding the intricacies of creating a bike that's not only high on performance but also affordable.

RIDE ALONE . RIDE ALONG

MR24

A TZAR BIKE PRODUCT

Navee isn't just about elegance; it's a force when tested. Like a warrior seeking harmony yet never surrendering, it delivers agility and durability when the road demands resilience.

With Navee, you don't just ride; you own the journey.

MAVERICK

Ride like a rebel, conquer every road.

Meet Maverick ...

... where freedom meets speed.

PURE PAINT CYCLES

At Tzar, we believe in craftsmanship that speaks for itself. Our Pure Paint Cycles are a testament to this philosophy

— where every bike is a work of art, not just a ride.

Unlike mass-produced bikes that rely on stickers and decals, each Tzar cycle is hand-painted with precision, ensuring a flawless, high-quality finish that lasts.

Our 100% paint-based designs bring out bold, vibrant colors and intricate details that make your bike truly unique.

*The Beast embodies
raw power, dominance,
and unrelenting speed.*

BEAST

*Just as the alpha leads the pack with strength and precision,
the Beast commands the road with its aggressive energy and
seamless velocity.*

THEME BASED CYCLES

Your bike is more than just a ride

— it's an expression of your personality, passion, and lifestyle.

At Tzar, we bring your imagination to life with Theme-Based Bikes, designed to reflect your unique tastes and inspirations.

WEBBY

Light, stylish, and made for joyful rides.

Cute, sleek, and full of charm. Smooth curves and elegant details make it a head-turner. Soft colors add a touch of sweetness.

STEEL IS REAL

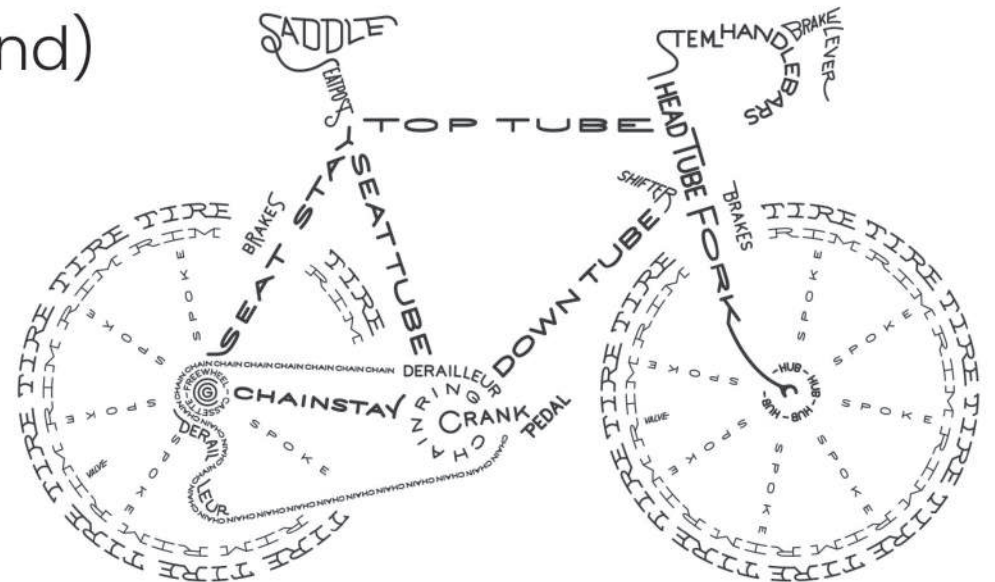

Frame : 18-gauge TIG-welded steel frame with internal cable routing

Fork : 18-gauge threadless steel fork with Power V Brake pivots

Weight : 14.45 kg (incl. stand)

Load Capacity : 100 kg

Frame Size : Medium

KIDDO

Kiddo is forged from the spirit of vengeance and the precision of a warrior—crafted with the essence of Hattori Hanzo steel. Its frame, is as unbreakable as the legendary blade, cutting through the streets with deadly efficiency.

The Kiddo isn't just a cycle—it's a weapon, built for those who refuse to be stopped.

Braking precision born

DARK KNIGHT

The Dark Knight theme represents stealth, resilience, and unmatched control—just like a warrior navigating the night.

Just as the Dark Knight moves with purpose and dominance, this cycle is built for those who thrive in the shadows yet lead with confidence. On the road, it translates to a ride that is smooth, powerful, and unstoppable, cutting through the wind with precision and speed.
